ANY TIME, ANY PLACE, ANY WAY, NON-STOP COMPUTING

COMPANY PROFILE

There are cities that never sleep. There are people who never sleep.

Both have something in common, both look for answers to problems all day and all night.

At Multi-Fold Links, we bridge you to the answers you're looking for.

Use us because we can take you to the other side... **SATISFACTION**

A new era of growth

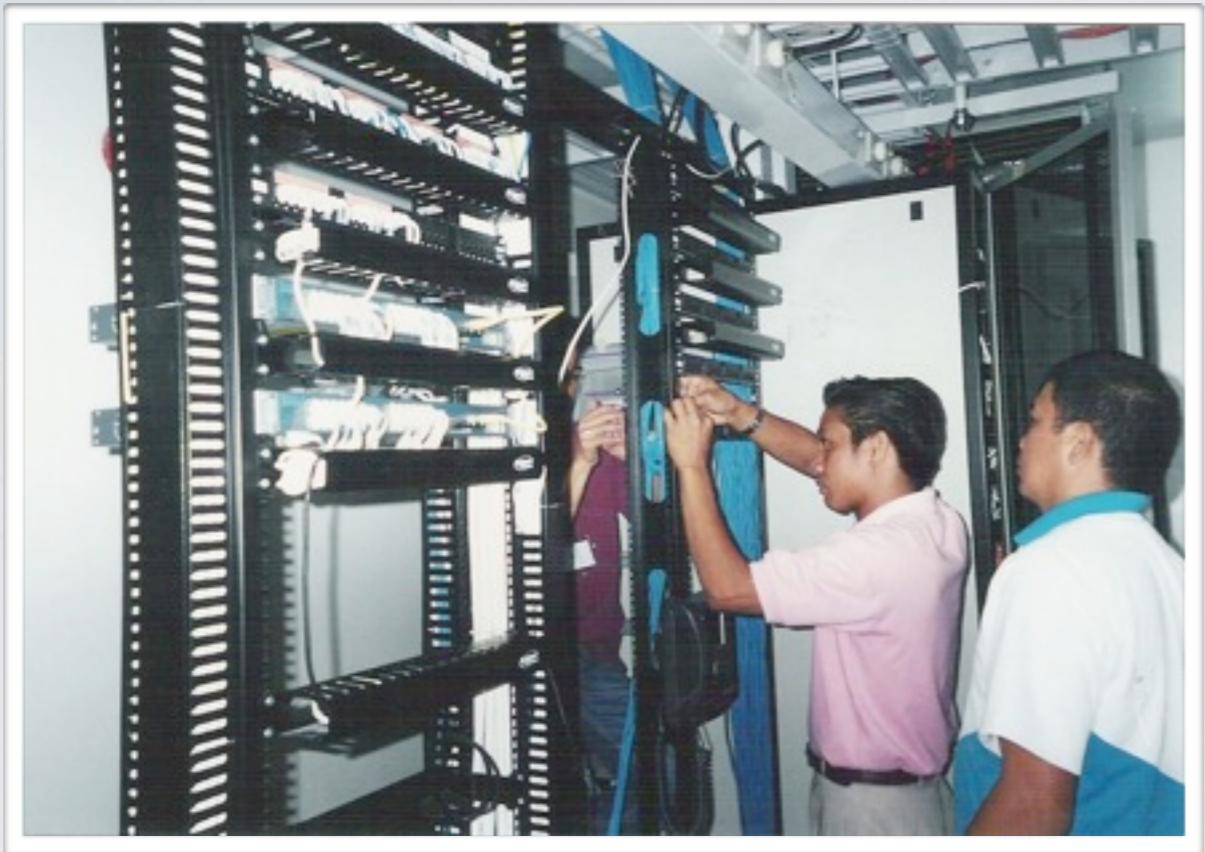

ABOUT MFL

Established in 1987, MFL, Inc. has acquired cumulative experience in the field of information and communications technology, electronics, electrical engineering, mechanical engineering and interior architecture.

Mission: We are in the people business providing the right information and communications technology solutions.

Vision: We aim to be the vendor-of-choice to those who seek ICT-centric business and process solutions in the local and foreign markets.

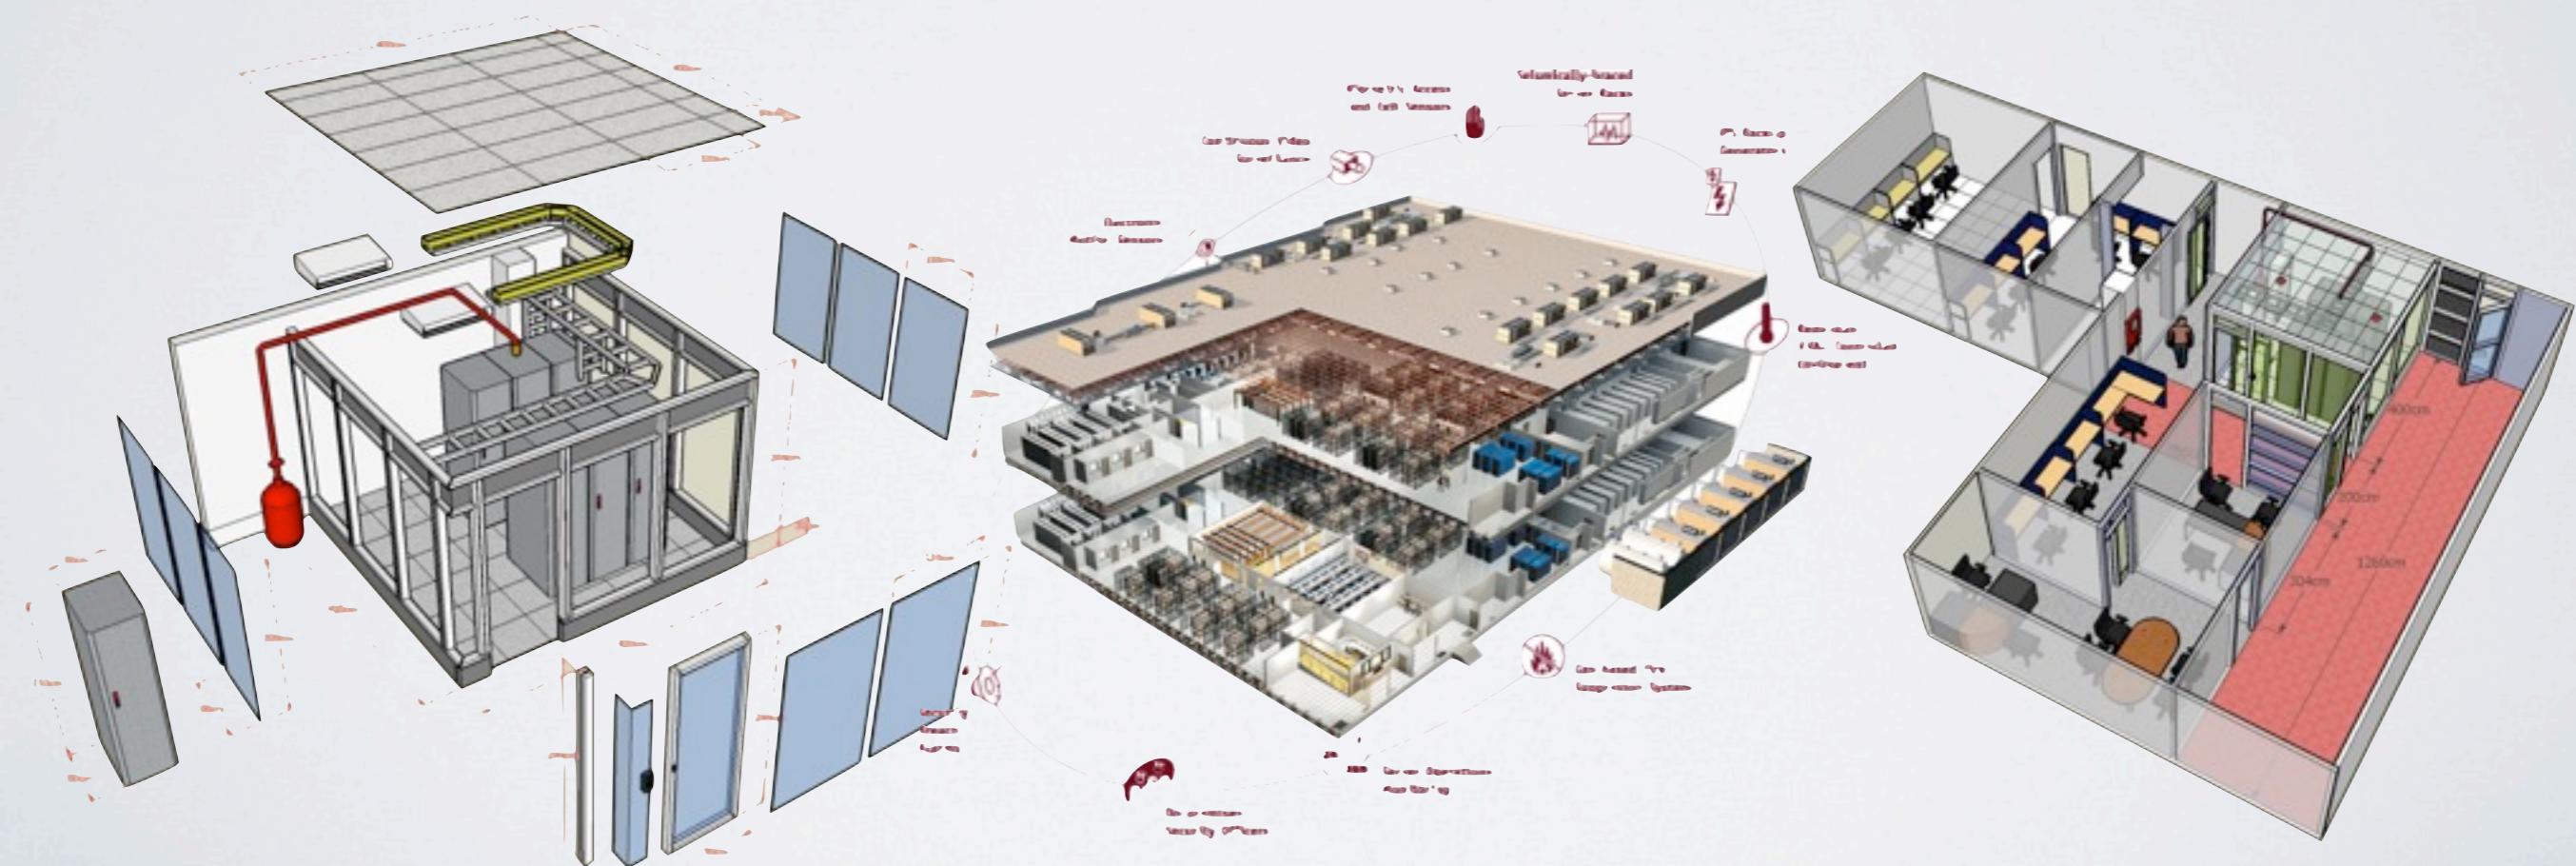

Our core competencies in providing these cutting-edge and cost-effective solutions revolve around our three main business fulfillment units:

ENGINEERING & CONSTRUCTION

CORE COMPETENCY - ENGINEERING & CONSTRUCTION

Design and build-out of data center & techno-centric offices, design and installation of wireless or wired copper & fiber optic cables for data, voice & video communications, precision air conditioning, raised flooring, generator set, fire suppression, water leak detection, IP PABX systems, IP DC surveillance and systems integration.

MANAGED SERVICES

CORE COMPETENCY - MANAGED SERVICES

"Our strategic involvement ensures end-results that are aligned to your project objectives and goals; while observing strict compliance to the industry's best practices, standards or methodologies inherent to IT systems that you want to implement"

Data Center Comprehensive Maintenance Services

Business Systems Applications Development Services

High Skill Outsourcing Services

Consultancy Services

HARDWARE & SOFTWARE

CORE COMPETENCY - HARDWARE & SOFTWARE

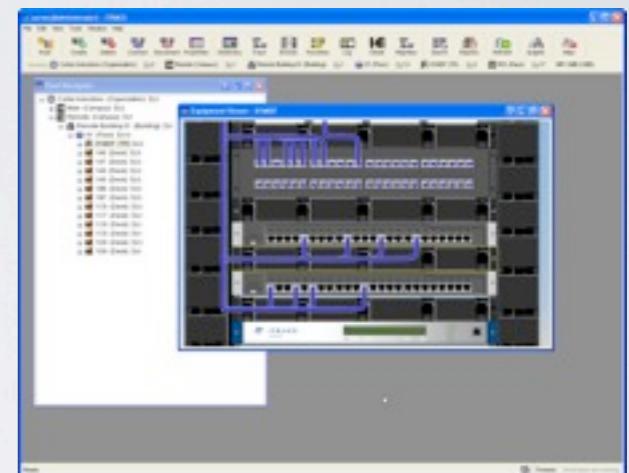

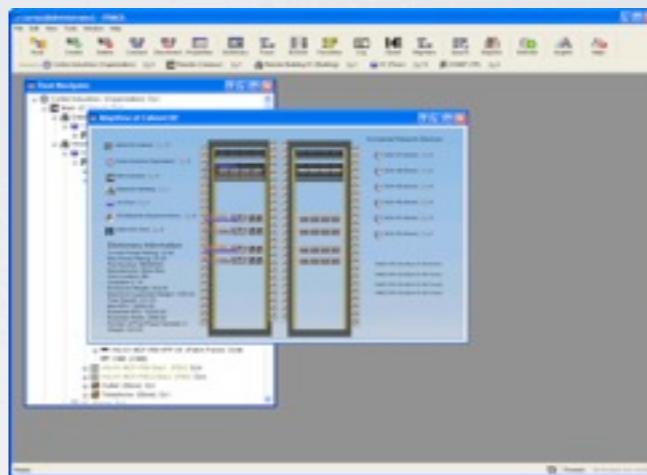

Internet security

Data storage and recovery solutions

Real-time network management and monitoring

Intelligent video surveillance

Physical Layer Management
